FULL WINTERIZATION

Includes for most boats: Engine oil change, drive leg oil change, drive leg removal, fuel filter replacement, engine mechanical, accessory, and trailer safety inspections, engine fogging, winterization, and fuel treatment.

Heaters, showers and ballast systems additional

SHRINK WRAPPING

Provide you boat with a protective layer for winter storage. Shrink wrap is beneficial in the following ways:

- Protects gel coat with UV inhibiting properties
- Prevents boat cover stretching/damage from heavy snow
- Protects vinyl from weather damage
- Allows moisture OUT and not in
- Dehumidifying agents prevent mold
- Keeps pests out

BOAT CLEANING, POLISHING, AND GEL COAT RESTORATION

- Gel coat cleaning & de-algae
- Oxidation removal and power polishing
- Gel coat repairs and restorations
- Interior clean and conditioning

Package Deal!

Save \$100 when you purchase

A winterize,
a shrink wrap,
and storage!
